

Specializing in Bolt, Nut and Gasket Kits

Common hardware includes:

Hex Bolts

A307 Gr A Hex Bolt
A307 Gr B Hvy Hex Bolt
B7 Hvy Hex Bolt

Hex Cap Screws

Grade 2, 5, 8 & 9 HCS
Stainless Steel (18-8 /316) HCS

Studs

B7 Steel
B8 Stainless Steel
B8M Stainless Steel
Specialty Stainless
Alloys

*High Temperature/Pressure
Studs & Hex Bolts*

ASTM A193 B7/B7M
ASTM A193 B16
ASTM A193 B8 (304 SS)
ASTM A193 B8M (316 SS)
ASTM A320 L7 (Low Temp)
ASTM A320 L7M

Common alloys include:

17-4 PH
Incoloy™
Hastelloy™
Inconel™
K-Monel™
Monel 400™
Nickel 200™
Nitronic 60™
Duplex 2205
Duplex 2507
Titanium
317
321
347
410

Standards include:

Zinc coated hardware

Complete material
customization

Individual boxing or bagging to
spec

Custom tag with name &
identification

Joint #'s listed per kit for ease
of jobsite organization

Butterfly valve bolt-up packs
(wafer, lug, AWWA, HP's,
TOVs)

Knife Gate Valve bolt-up packs

Options include:

Hardware coatings, both
production and post production
(anti-seize, epoxy coat,
aerocote, Teflon™, Xylan™)

Fully domestic product

Hold & release shipping

Common gasket styles

include:

Ring
Full Face
RTJ (Ring Type Joints)

Common gasket thickness

include:

1/8"
1/16"

Common gaskets materials

include:

Non-metallic

Non Asbestos Gaskets
Red Rubber
White Buna (food grade)
Viton™
EPDM
Neoprene
Teflon™
Graphite
IFG5500™
Garlock 3400™
Garlock 3500™
Garlock 3545™
Garlock 2500™
Garlock 2400™
Garlock 2900/2950™
Garlock 3000™
Garlock 3200/3400™
Garlock 3300™
Garlock 3700™

Metallic

Spiral Wound with variety of fillers
And ring materials, including:

Carbon Steel
Stainless Steel (304, 316, 317,
321, 347)
Hastelloy™
Inconel™
Monel™
